# AXA BIKE SECURITY

## Protects any biker and his bike

For more than 110 years AXA Bike Security has been inextricably linked with the culture of cycling and we are committed to the optimum protection of cyclist and bicycle. Passionate about cycling AXA Bike Security knows exactly what cyclists need to enjoy a safe and reliable ride. Our engineers translate the latest requirements and developments into easy-to-use, sustainable products. Thanks to its own production facilities in Europe AXA will always guarantee a constant, high quality. This is how AXA contributes to the safety and enjoyment of a globally growing group of people who embrace cycling as a healthy and sustainable means of transport.

## AXA for specialist retailers

AXA offers a solution for the bicycle retailer too to enhance the design of their shop. AXA offers shelf space advice to ensure your shop looks professional and organised. This speeds up the decision-making process for your customer and ensures the right choice is made.

In addition AXA offers display modules that allow the customer to see the products in the packaging. This stimulates up-selling and gives the customer a good feel for the products.
