

AXA BIKE SECURITY

AXA PRODUCT RANGE
PROTECTS CYCLIST
AND BICYCLE

AXA Combi Vertical (Greenline display)

AXA Bike Security offers a complete range to protect cyclist and bicycle

Our AXA product range of locks is diverse and offers a suitable lock for every type of two-wheeler. Our secure locks provide optimum protection for short-term or longer-term bicycle parking.

Visibility is an absolute must if you participate in traffic. Our AXA lighting product range meets the latest standards in safety and light output.

AXA Chainguards effectively protect your clothes against dirt from the chain and are a defining feature of bicycles.

You opt for AXA, you opt for safety!

AXA BIKE SECURITY

Protects cyclist and bicycle

For more than 110 years AXA Bike Security has been inextricably linked with the culture of cycling and we are committed to the optimum protection of cyclist and bicycle. Passionate about cycling AXA Bike Security knows exactly what cyclists need to enjoy a safe and reliable ride. Our engineers translate the latest requirements and developments into easy-to-use, sustainable products. Thanks to its own production facilities in Europe AXA will always guarantee a constant, high quality. This is how AXA contributes to the safety and enjoyment of a globally growing group of people who embrace cycling as a healthy and sustainable means of transport.

AXA BIKE SECURITY

- ✓ Known A-brand
- ✓ European production
- ✓ Own development
- ✓ Best quality
- ✓ High efficiency

AXA for specialist retailers

AXA offers a solution for the bicycle retailer too to enhance the design of their shop. AXA offers shelf space advice to ensure your shop looks professional and organised. This speeds up the decision-making process for your customer and ensures the right choice is made.

In addition AXA offers display modules that allow the customer to see the products in the packaging. This stimulates up-selling and gives the customer a good feel for the products.
