# POLISPORT GROUP

Polisport Group was founded in 1978. Born from the passion of our CEO's love for two wheels, Polisport has specialized in this sector ever since.

The Polisport Group now comprises of approximately 260 employees across the 5 companies. This enables the group to work more efficiently with the various brands within its portfolio while maximizing the production process across the whole group.

PRESENT IN MORE THAN 60 COUNTRIES AROUND THE WORLD

## BICYCLE

Worldwide market leader on baby-seats production. The range also comprises mudguards, helmets, bottles, among other accessories designed for the leisure and sports industry.

## OFF-ROAD

Polisport is **one of the most prestigious brands in this field**, offering a wide range of Replica Plastics and innovative replacement parts and accessories.

## OEM

In the motorcycle sector, **Polisport is OEM suppliers** to some of the major manufacturers including: **KTM, Husqvarna, GAS GAS, Sherco, Triumph and BMW.** In the **Bicycle sector we are also OEM suppliers to Decathlon**, while in the automotive area we supply the renowned Norwegian brand of car baby-seats, **BeSafe.**

## HEADGY HELMETS

Headgy Helmets, founded in 2013, offers protective helmets for sports, leisure and other purposes, ensuring maximum safety, innovation and quality.

- Providing quality products at competitive prices;
- Offering customized products at competitive prices.

# POLISPORT SGPS S.A.

## POLISPORT PLÁSTICOS S.A.

Group Headquarters

13.000 m<sup>2</sup> - 140.000 ft<sup>2</sup>

The Group headquarters is the operations center for all activities and where all the various administrative teams are based. The headquarters is the nerve center for all Polisport Group activity, this includes: implementation of trade agreements, the center for global logistical services, as well as research, innovation and product development. The baby-seat assembly lines are based at the headquarters, as it is the storage and dispatch location for all bicycle-related products. It's also the place for the Test and Quality Center of the Group, where our quality tests are made to all Polisport and client products.

## POLINTER PLÁSTICOS S.A.

Injection Plant

5.700 m<sup>2</sup> - 61.500 ft<sup>2</sup>

Polinter is the Group's plastic injection unit, with wide experience and capacity for complex plastics parts production, for the two-wheel market (KTM, Husqvarna). The high quality of the parts manufactured here comes from the combination of competence, experience and professionalism of its technical teams who are highly specialized and dedicated in the field of plastic injection molding. These human elements are backed up by the ongoing investment made in the modern assembly lines which are fully automated with 6 axis robots.

## POLISPORT MOLDS LDA.

Mold Maker Company

5.000 m<sup>2</sup> - 54.000 ft<sup>2</sup>

Polisport Molds is the most recent unit. This arose from the need to integrate the mold construction and development into the Group. Polisport thereby achieves greater control of the entire plastic molding process, which is the key to the success of the company's business by combining greater quality control with faster response and turn-around times.

## POLISPORT 2 / HEADGY

Off-Road Warehouse  
Helmets Manufactory Plant

15.000m<sup>2</sup> - 160.000 ft<sup>2</sup>

This unit is largely devoted to Off-Road motorcycles, and acts as the storage and dispatch location for all products within this sector of the business. Production of Headgy, a Group brand and company, is also located here and is exclusively dedicated to the manufacture of helmets.

## POLISTAR BRAZIL LTDA

Polisport in Brazil

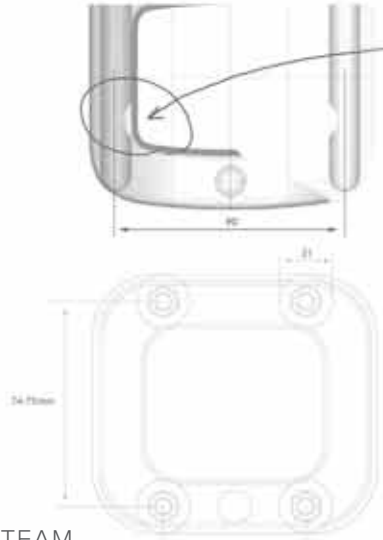

Polisport Bicycle, Off-Road brands

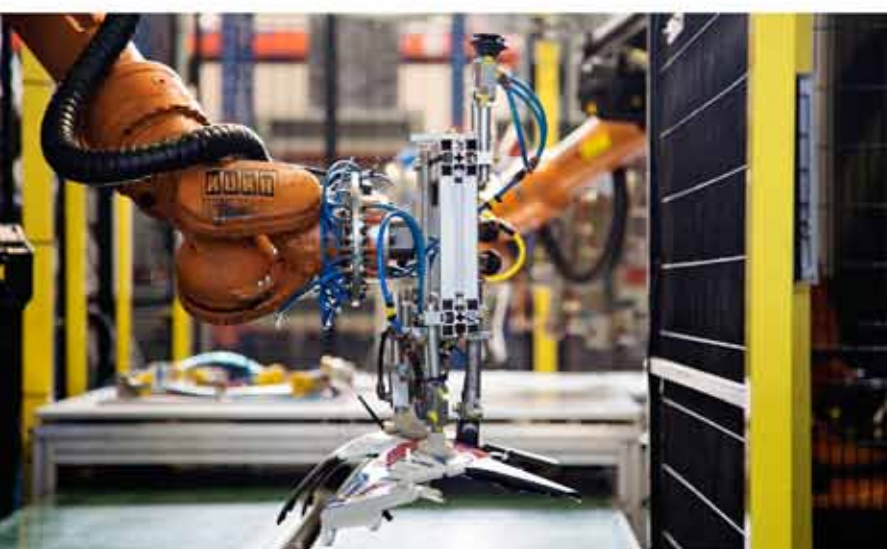

In response to the strength of the emerging Brazilian market, Polisport has set up a new facility as a joint venture with the added security of a local Brazilian manufacture.

### INDIVIDUAL BABY SEAT BOX

Ideal for online shipping

Having taking into consideration the growth of on-line sales, we have developed two standard boxes, for front and rear baby seats. This way you no longer need to concern with shipping packaging. Easy and simple, you just need to order how many boxes you need and we make sure that Polisport seats will reach the final consumer in a more functional and pretty box!

- Box for Front and Rear Baby-Seats
- Boost your on-line sales

### FRAME HOLDER

A new version with increased functionality

Guppy and Groovy rear models have been given an upgrade with a new quick release frame holder, now fitting most of the commuting bikes on the market. The new holder has been improved in its usage, functionality and design, featuring now a special device that will indicate the correct mounting of the baby seat.

- New design
- Improved functionality
- Safety Indicator device

### CARRIER MOUNTING PLATE

A new carrier plate for the new market trends

Guppy and Groovy rear models have been given an upgrade with a new carrier plate. This new carrier plate features a left and right mechanical system. The new slim design of the carrier plate also increased its performance – it will now fit a wider range of commuting bikes on the market, especially E-bikes.

- New design
- Improved functionality
- Wider range of application - 185 mm

### X-CAPE YOUR PERFORMANCE MTB MUDGUARD

Now the set is complete. Lightweight and effective front mudguard for MTB suspension bikes. Compatible with 26", 27.5" and 29" wheels, disc brakes or v-brakes. Strong and simple support with slim design.

- New Front model to match the rear X-Cape model.

### NEW SPORTY ENDURO HELMET

Take your ride to the next level

E3 is the new Enduro model that offers great protection combined with optimal ventilation, making it a perfect helmet to use over challenging terrain. E3 is really a lightweight helmet, that features an increased protection area at the back and is equipped with an adjustable visor. Is made with in-mold technology and adjustable to your head with one hand only.

- Increase range – new Enduro model

### TWIG HELMET EVEN MORE STYLISH

Our lighter helmet with great performance for Road and MTB bikes, has been given new colors.

These brand new colors will match the current bikes and outfit trends on the market. So, no matter what scenery, we've got you covered!

- New colors

### GUPPY WITH A FRESH NEW COLOR AND ENHANCED MOUNTING SYSTEMS

Our little star has been given new fresh style by adding to the collection the Jeans color. This fancy color will match the current utility bikes trends to offer a refreshingly new look. Guppy will also start to feature from now, the new frame holder and the new carrier plate.

- New color – Jeans
- New frame holder
- New Carrier Plate (E-bikes)
- Improved functionality
- Wider range of application

### GROOVY NOW EVEN BETTER!

Groovy is our little new “baby”, and of course, we always want the best and for them! So we’ve been developing some new features for Groovy, and on this new collection Groovy will feature a brand new water-proof cushion - all ensuring maximum comfort for the child. Groovy will also start to feature from now, the new frame holder and the new carrier plate. Groovy presents also the mounting system suitable for small frames and 29ers.

- New waterproof cushion
- New frame holder
- New Carrier Plate (E-bikes)
- Improved functionality
- Wider range of application
- New mounting system suitable for small frames and 29ers.

### CHILDREN HELMETS WITH NEW CUTE GRAPHICS

Because our main concern is the children safety, we are launching some new graphics for the Kids and junior helmets. The new graphics were developed having the children's preferences in mind, this mean that they will love the new and cute styles, and of course, they will always have the helmet on!

- New kids graphics - princess / comics / cats / jeans

### KOOLAH WITH TRENDY NEW COLORS

Koolah has some “true colors” to show in this new collection. This new colors will be a perfect match for the current utility bikes. This fresh look will be extended to all versions of Koolah – FF, CFS, RMS and Small Frames. Koolah is the model that has more mounting systems options, and by adding these new colors to the range, we are pretty sure that it will be a huge sales booster!

- New colors

Because we carry your most precious cargo

## NEWS 2017

The Polisport range was enhanced in its performance, design, functionality.

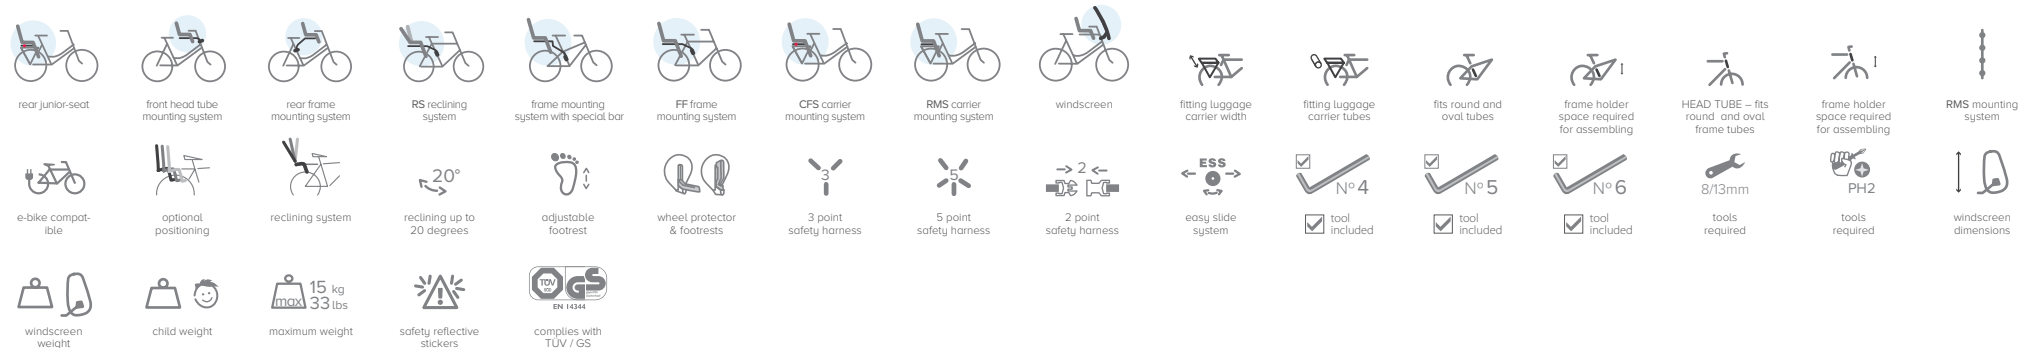

From baby seats to helmets, from mudguards to bottles and accessories, we’ve thought in clever, innovative and functional solutions. Why?

Because we carry your most precious cargo.

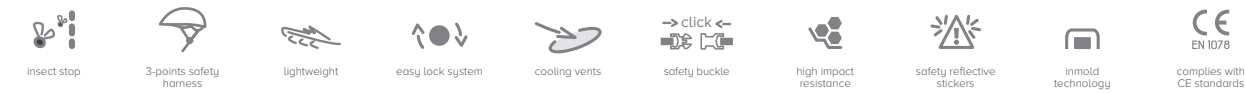

Because no matter the scenery we’ve got you covered.

## BABY SEAT MOUNTING SYSTEMS

### FRAME MOUNTING SYSTEM

Polisport's Frame Mounting System was developed to be safe, simple, reliable, efficient and easy-to-use.

The double rabet and click system has a very smooth action when mounting the baby seat, sliding easily into the slots and requiring no further pressure than the weight of the seat.

It takes only a light push of the holder safety button to release the baby seat, making it really easy to remove and store your seat on the end of the day.

The seats that features this mounting system also have the ability to be moved backward and forward in 3 positions.

#### Compatible Bicycle frames:

ROUND

OVAL

SQUARE

TRIANGULAR

CARBON FIBER

### NEW

IMPROVED IN ITS USAGE, FUNCTIONALITY AND DESIGN.

Approved only for GUPPY and GROOVY models

SAFETY DEVICE INDICATOR

### NEW QUICK RELEASE FRAME HOLDER

- Green indicators appear when the seat is correctly assembled.
- All the screws remain built-in inside the holder, making the fitting much smoother.
- Fits frames from Ø28 to 40 mm.
- Requires an available length on the frame of 105 mm to be installed.
- Fits round and oval tubes, and was designed to accommodate the brake cable preventing it from being pinched. Inside, a rubber pad will also prevent the frame from getting damaged.
- Tools included.
- To remove the seat you only need to slightly push the holder button and pull simultaneously the seat up and backwards.
- Meets all the safety standards **EN 14344**.
- Sold also as a spare part (approved only for Guppy and Groovy).

Commuting or storage was never so easy!

Approved only for Polisport models

### STANDARD HOLDER

- Fits frames from Ø28 to 40 mm.
- Requires only an available length of 80 mm to be installed.
- Inside the holder a rubber pad protects the bicycle and allows the mounting system to adapt to frames of all different sizes.
- The rear metallic part of the holder has an opening to allow the brake cables to fit in without being pinched.
- Meets all the safety standards **EN 14344**.
- Sold as a spare part.

## CARRIER MOUNTING SYSTEM

Polisport's Carrier Mounting System was developed to take advantage of bikes already equipped with luggage carriers. The bottom of the seat is securely attached to the carrier, which is extremely important as it increases stability for the rider. It also makes the assembling of the baby seat to the luggage carrier

very easy since it doesn't require further usage of tools – you just need to rotate the knob and easily release and install the Baby-Seat. This also means that's really easy to commute or store the seat. For an increased child and cyclist comfort you can move the seat backward and forward on the luggage carrier length.

### NEW

#### EVEN EASIER TO INSTALL AND RELEASE THE SEAT

Approved only for GUPPY and GROOVY models

Approved only for Polisport models

Approved only for KOOLAH and BOODIE models

#### NEW CARRIER PLATE

- The new slim design of the carrier plate also increased its performance, it will now fit a wider number of commuting bikes on the market, especially E-bikes by increasing the range from 175 to 185 mm.
- Features a left and right mechanical system – making it even easier to install and release the seat (clamp – turn left; release – turn right).
- Fitting luggage tubes from Ø10 to 16 mm.
- No tools needed.
- Compatibles with carriers in accordance with **ISO 11243** - 120 to 175 mm. Now also fitting wider carriers - 185 mm.
- The system meets all the safety standards **EN 14344**.

#### STANDARD CARRIER PLATE

- Fitting luggage with 120 to 175 mm width
- Fitting luggage tubes from Ø10 to 16 mm.
- No tools needed
- Compatible with carriers in accordance with **ISO 11243**.
- The system meets all the safety standards **EN 14344**.

#### RACK MOUNTING SYSTEM - RMS

- Supplied with the baby seat, requires fewer steps to complete the assembly.
- To attach the plate to the luggage carrier you can choose between the multiple fitting points available on the plate. This feature increases the compatibility with a wider range of bikes equipped with luggage carriers.
- Once the plate is firmly attached to the luggage carrier, the seat is installed or released with just a twist of a screw.
- When riding without the seat on, the plate can be used as a luggage carrier with the help from its straps.
- Maximum width – 175 mm.
- Compatible with carriers in accordance with **ISO 11243**.
- The system meets all the safety standards **EN 14344**.

Commuting or storage your seat in a few seconds

# SAFETY, COMFORT & DESIGN - BECAUSE WE CARRY YOUR MOST PRECIOUS CARGO

## BABY SEAT PERFORMANCE COMPONENT

### ONE HAND BUCKLE

Groovy features an improved sturdy safety buckle that you can operate with just one hand – this way it's easier to buckle and unbuckle, an extra benefit for the all-day commuters.

Nevertheless due to its childproof design the child will not be able to release it on its own.

All Polisport baby seats are designed to 'grow' with the child.

That's why all our safety harnesses are adjustable.

### HARNESS BUCKLE

Polisport designed its own harness buckles, to make sure that they are reliable, efficient and easy-to-use. In this option, the design of the buckle requires three buttons which have to be pushed simultaneously in order to unbuckle. All Polisport baby seats are designed to 'grow' with the child. That's why all our safety harnesses are adjustable.

### QST QUICK SAFETY TURN

QST is a specially designed screw incorporated in a safety button that allows prompt adjustments on the positioning and assembly of the seat while offering a totally safe and secure mounting. With QST you don't need to use any tools.

### ESS EASY SLIDE SYSTEM

On baby seats equipped with this solution, it is possible to move the seat backward and forward without using any tools. Its simplicity makes it easier to adjust and move the seat while the child is seated. This means extra comfort for the child and cyclist.

### RS RECLINABLE SYSTEM

The RS system allows the baby seat to be tilted backwards (max. 20°) providing the child with a comfortable resting/sleeping position.

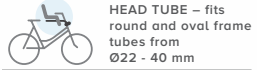

## RECOGNITION AND AWARDS

In this last 38 years we've come up with some clever and smart solutions for our seats ensuring the safety, and perfect fit on the bike, and maximum comfort for the child. That's why we have won so many awards.

MUDGUARDS

# X-FIGHTER

AGGRESSIVE CROSS STYLE FOR MTB BIKES WITH AERODYNAMIC AIRFLOW DESIGN, AND INCREASED EXTRA PROTECTION

## X-FIGHTER Front Mudguard

	MTB SPORT / RECREATIONAL
	Fits 26", 27.5" and 29" wheels
16	Ø16 to 35 mm interior headtube
	Section: 75 mm
	Dimension: 550 mm
	224 g / 0,49 lb

Compatible with disc brakes or v-brakes MTB bikes. Aerodynamic airflow design with extra protection area. Easy to install or remove the mudguard with the brand new quick release system. The mudguard comes with 4 adapters for a better fit to the suspension or rigid forks with Ø16 to 35 mm interior head tube, and has a inner rubber for an increased grip.

REF.  
■ 8564600018 - black

MASTER BOX: 20 UN  
BOX DIMENSIONS: 707 X 384 X 300 mm

## X-FIGHTER Rear Mudguard

	MTB SPORT / RECREATIONAL
	Fits 26", 27.5" and 29" wheels
24	Ø24 to 36 mm seatpost tubes
	Section: 90 mm
	Dimension: 475 mm
	220 g / 0,49 lb

Fitting is quick and easy, thanks to the quick release system. X-Fighter rear is compatible with Ø24 to 36 mm seatpost tubes, and features an inner rubber for extra grip. X-Fighter can be optimally adjusted to the wheel using the 2-points of adjustment, placing the mudguard at the desired height.

REF.  
■ 8564800014 - black

ENVIRONMENT FRIENDLY TECHNOLOGIES

## CORK BOTTLE

MIXTURE OF PLASTIC AND CORK

material  
design award

2012

### CORK BOTTLE

Screw-On Opening wide opening Ø62 mm

500 ml / 17,60 fl. oz

153 g / 0,34 lb

265 mm / 10,43 "

Polisport is pioneering a green technological solution by using a mixture of plastic and cork in the production of water bottles. This reduces the use of plastic in favor of a natural raw material with better thermal performance. Cultivated and extracted by using sustainable methods, the cork also adds lightness to the bottle while offering a pleasant touch and better grip.

- BPA Free: Bottle components are totally BPA (Bisphenol A) Free.
- Ecological and sustainable material.
- Reduction in CO<sub>2</sub> emissions and fossil fuel usage.
- Soft to the touch with a natural and hypoallergenic surface.
- EFSA and FDA approval as suitable for food contact.
- Complies with Regulation 10/2011

500 ml  
8643500003 - corky

In cooperation with A member of

MASTER BOX: 50 UN  
BOX DIMENSIONS: 490 X 440 X 570 mm

## 100% BIO-NATURAL

NATURE ASSIMILATES THE BOTTLE.  
MADE FROM NATURAL RAW MATERIAL.

### 100% BIO NATURAL

Screw-On Opening wide opening Ø46 mm

550 ml / 19,36 fl. oz

92 g / 0,20 lb

200 mm / 7,87 "

We want to make cycling an increasingly greener activity. So it's with pride that we present you with our special biodegradable bottles made from natural raw material. Being biodegradable means that nature can assimilate a disposed of bottle without harming the environment or atmosphere. At the same time, by using natural raw material we also reduce the use of fossil fuel.

- BPA Free: Bottle components are totally BPA (Bisphenol A) Free.
- Material derived from renewable sources.
- Fully biodegradable plastic that behaves like traditional thermoplastics.
- Bioplastic as defined by the European Bioplastics Association.
- Biodegradable Plastic as defined by the EN 13432:2000 and EN 14995:2006 standards.
- Reduction in the emission gases that cause the "greenhouse" effect

550 ml  
8644400008 - light green

## ANTI-MICROBIAL

ANTI-MICROBIAL THERMOPLASTIC

### ANTI-MICROBIAL

Screw-On Opening wide opening Ø46 mm

550 ml / 19,36 fl. oz

92 g / 0,20 lb

200 mm / 7,87 "

Intense use of the bicycle calls for better accessories. To avoid the well-known microbial problems associated with plastic water containers like odors and bad-tasting water, Polisport introduces the Anti-Microbial bottle. By using anti-microbial thermoplastic, this bottle provides protection against harmful bacteria. It not only prevents the formation of new microbes but it also eliminates any existing ones in 24 hours.

Keeping all harmful infections at distance, this is the most durable bottle on offer.

- BPA Free: Bottle components are totally BPA (Bisphenol A) Free.
- PROTECTION = HYGIENE = HEALTHIER SPORTS
- This bottle releases ions which act against harmful bacteria (proven to kill >99.9%] complies with JIS Z 2801 and ISO 22196:2007.
- No unpleasant odors or flavors that microbial organisms can create.
- EFSA and FDA approved as suitable for food contact.
- Complies with Regulation 10/2011.

550 ml  
8644400007 - light blue

MASTER BOX: 88 UN

# THERMAL BOTTLES

## COLD OR HOT UNTIL THE LAST DROP

- BPA Free: Bottle components are totally BPA (Bisphenol A) Free.
- Thermal efficiency and ergonomic.
- Superior level sports bottle.
- Isothermal double-wall structure: keeps water cold twice as long as regular sport bottles.
- Soft push-pull tip and protective cap.
- The cap can be completely removed for better cleaning and fill tip.
- Ergonomic design - increased grip.
- Wide-mouth opening is easy to fill with ice and water and a breeze to clean.
- Lightweight, easy-squeeze bottle delivers the right flow to quench your thirst.

### MATERIAL

Complies with food contact.

Bottle body: Food-grade polyethylene.

Inner Tank: Hi-Density Food-grade polyethylene

Cap: Food-grade polypropylene and food-grade thermoplastic rubber.

### STANDARDS

Complies with food contact regulations: Regulation 10/2011.

# O.E CHAIN CASE

FRONT AND REAR FITTING. TWO PIECES CHAIN CASE.

## CITY BIKES

Fully made of resistant yet lightweight polypropylene, the two combined parts are simply snapped together with the small clips installed all around. This system also eliminates the glide noises.

Our chain case allows an easy maintenance and access to the chain since you can un-clip the front part without using any tools.

Accommodates larger chain rings (up to 44 teeth).

The Chain Case is secured to the bike frame using two special metal parts, which are available in different sizes and shapes so that you can easily adapt the chain case position in relation to the line of the chain.

Customizable for OEM clients: now, with the use of IPD, Inmold Plastic decals, it can also be stylish, with a durable and scratch resistant decoration. As an OEM part, it can be customizable with any kind of graphic, allowing vivid colors an empowering your brand image. Material: polypropylene. 100% recyclable material. Mounting Kit Included.
