MULTIFUNCTIONAL CHILD CARRIER

SCANDINAVIAN SAFETY

Hamax was established in 1958 and is now one of the world's leading suppliers of child bicycle seats. One of our main goals is to encourage young families to explore healthy and sportive outdoor activities, in a safe and fun way. We recently extended our product range to include multifunctional child carriers. This will provide even more possibilities for exercise and leisure activities all year round. We aim at developing and supplying child bicycle seats and bicycle trailers of premium quality, where safety is our priority number one.

HAMAX
OUTBACK
MULTIFUNCTIONAL CHILD CARRIER

THE SAFE CHOICE

The Hamax Outback is a user friendly, comfortable and safe multifunctional child carrier. A solid aluminium frame provides optimal protection of the children and generous space in the cockpit. The front of the carrier is equipped with the unique "Safe Connection Point" which secures a safe switch between bicycle arm, stroller wheel and jogger wheel. The connection point displays a green field when mounted correctly and a red field when unlocked. The Outback has a comfortable interior and large windows which provide a good view for the child. The carrier is easy to fold and transport, and versatile in use for all kinds of terrains. Adjustable suspension secures a steady ride for the children. The Outback is approved and certified according to EN 145918, EN 1888 and ASTM F 1975.

User friendly

- Stable in use due to a low gravity point
- Easy to fold/unfold
- Easy to transport
- Space for 2 children
- Adjustable 5-point harness
- Spacious rear storage area
- Aerodynamic design
- Quick release wheels
- Adjustable and ergonomic pushbar
- Park brake

Comfort for the child

- Suspension for increased comfort
- Comfortable and spacious interior
- Space for helmets
- UV protected windows
- See-through mesh for optimal ventilation and protection against insects
- Sunshade
- 600D waterproof polyester fabrics
- **New:** Reclining seat

Safety

- Safe Connection Point
- Adjustable 5-point harness
- Reflectors in front, rear and on sides
- Reflective material on the sides and in the rear of the trailer
- ASTM F 1975-09 approved & certified
- EN 15918 approved & certified
- EN 1888 approved & certified

A solid aluminium frame provides optimal protection of the children

5-point harness

Double locked connection point in the front

Reflectors for increased visibility

*As of 2019 the Hamax Outback is offered
with a reclinable seat back.*

HAMAX

 MULTIFUNCTIONAL CHILD CARRIER

HAMAX OUTBACK ONE

We are proud to introduce the Outback ONE, a multifunctional child carrier for 1 child. We have brought with us all the present, successful features of the Outback, which leaves us with a safe, appealing and versatile product. The Outback ONE is also certified according to EN15918, EN 1888 and ASTM F1975.

• SINGLE TRAILER
 (SPACE FOR ONE CHILD)

• THREE COLOURS

• SPORTY LOOK!

• EASY TO MANEUVERE

OUTBACK
MULTIFUNCTIONAL CHILD CARRIER

BICYCLE TRAILER

The bicycle trailer allows you to enjoy an active outdoor life with your children. The trailer is safe and stable, highly visible in the terrain and traffic and is very easy to transform into a stroller or jogger carrier.

Spacious and comfortable interior with adjustable head support and seat backs. The seat paddings can easily be removed for cleaning purposes. The floor of the cockpit is covered with a solid rubber mat. The trailer also has a 5-point harness for increased security.

The Outback is equipped with a see-through mesh protecting the children from insects as well as an additional, transparent cover with UV protection. On sunny days, the sunshade can be applied. All three layers can be rolled up into a top pocket when not in use.

HAMAX
OUTBACK
MULTIFUNCTIONAL CHILD CARRIER

STROLLER

The stroller function makes it easy to bring the little ones to the mall or a café, or just enjoy a walk in the park. The stroller wheel is mounted in a few seconds and makes the carrier flexible and easy to steer.

The pivoting stroller wheel can be placed in the generous rear storage area when bicycling.

The push bar is adjustable and can easily be placed in the desired position. Turn the grey handle and lock/unlock the push bar.

HAMAX
OUTBACK
MULTIFUNCTIONAL CHILD CARRIER

JOGGER

Bring the kids for a work-out! The 16" jogger wheel secures a steady ride, and the adjustable suspension adds comfort for the child.

The jogger is ideal to use when hiking in challenging terrain or when exercising. Always observe the safety and comfort for the child. The Jogger Kit is available as an accessory.

The suspension is adjustable, and allows you to fine tune the comfort of the child in all situations.

HAMAX
OUTBACK
MULTIFUNCTIONAL CHILD CARRIER

SKIING KIT

The HAMAX OUTBACK can now be fully enjoyed also during the winter! The Outback Skiing Kit is light weight and easily mounted on the trailer. Flexible and smart functionalities allow you to experience many smooth and unforgettable trips.

- Extra reinforced Madshus skis
- Quick connection, easy to change from wheels to skis
- Maximum sleeping comfort, does not tilt forward when stopping for breaks
- Hinged towbar reduces weight on hips
- Flexible and ergonomic harness, adjustable according to individual skiing styles
- Jacket easily on/off – wear the harness under the jacket
- Fits both Outback and Outback ONE

The Skiing Kit is compatible with all Outback ONE trailers and Outback (double) trailers produced as of 10/2016.

HAMAX
OUTBACK
MULTIFUNCTIONAL CHILD CARRIER

SAFE CONNECTION POINT

Our first priority is safety. Therefore, we have developed the unique "Safe Connection Point" which secures a safe switch between bicycle arm, stroller wheel, jogger wheel and skiing towbar. The connection point displays a green field when mounted correctly and a red field when unlocked.

Release: Push the grey handle on the carrier's front part upwards, so that the red area is visible. Push the release button on the connective part (bicycle arm, stroller wheel, jogger wheel), and pull.

Fasten: The grey handle on the carrier's front part should be in the upper position, displaying the red area. Push the connective part (bicycle arm, stroller wheel, jogger wheel) into the track until it locks with a "click". Lower the grey handle, and the green area will become visible.

HAMAX

AVENIDA/AVENIDA ONE

MULTIFUNCTIONAL CHILD CARRIER

THE CITY TRAILER

The HAMAX AVENIDA multifunctional child carrier is designed for city use - slender and easy to maneuver, lots of space for storage and a smooth folding mechanism. The trailer provides comfortable seating and a good view for the children!

- Easy front opening with strap and hook
- Aerodynamic design with protective aluminium frame
- Bicycle arm and stroller wheel included
- Comfortable seat padding, removable for washing
- Spacious storage in the back
- Extra long sun shade in front
- Adjustable 5 point harness
- Park brake on handle
- Optimal safety with front and rear reflectors, flag and reflective lines on the sides and in the rear of the trailer.
- LED light
- Adjustable & ergonomic handle
- Compact & easy folding
- Wheel guards ("wings") can be folded to save space when storing/transporting
- Quick release 20" wheels with reflectors
- Good ventilation through mesh parts in the fabric, front and rear
- Certified according to EN 15918 and EN 1888
- Weight incl. bicycle arm: 15 kg/13,5 kg.

Spacious storage in the back
